Skills Highlight

- Backend Development
- Django Framework
- GitHub
- Database
- Debugging

Soft Skills

- Resourcefulness
- Communication
- Adaptability
- Teamwork

Certifications

W.A.V.E: **Python Programming and Soft Skill Training**

Verified Certificate: CS50P:
CS50's Introduction to Programming with Python

Future Academy Africa: **Front-end Web Development.**

Summary

Motivated and detail-oriented Programming Instructor and Backend Developer, driven by a profound enthusiasm for constructing resilient and scalable web applications. I aim to apply my technical expertise and problem-solving skills to make meaningful contributions while gaining practical experiences.

Experience

Programming Instructor

Digital Fortress Institute — 2024

- Teach Python to students of various ages and skill levels.
- Occasionally teach HTML, CSS and JavaScript to provide a well-rounded coding education
- Lead the "Summer Code with Kids" program, training teenagers in coding fundamentals
- Mentor and guide students through hands-on projects and coding challenges.

Harvard CS50 Programming Course — 2023/2024

- Completed real-world projects, uploaded them to GitHub, and deployed most of them.
- Joined the CS50 community on Discord and Slack, collaborating with other students to ask questions and fix bugs.
- Learned how to use Linux and fix bugs related to different Linux distributions compatibility.

Team Project: Game Application

WAVE Academy / Digital Fortress, NG — 05/2024

- Collaborated with a team to design and develop a game app, contributing to various stages of the process.
- Applied project management methodologies to ensure timely delivery and interactive feedback

Education

Python — 2024

WAVE Academy / Digital Fortress, NG

Bachelor of Science: **Computer Science** – 2023 – Till date
University of the People, CA

CS50's: **Computer Science / Web Programming** – 2023/2024
Harvard University (Online)

Front End Web Development - 2022
Future Academy Africa
